

SENSORI SENSORS

Ingressi digitali
optoisolati
*Optically isolated
digital inputs*

Microprocessori
8, 16, 32 bit, DSP
*8,16,32 bit and
DPS processors*

Alimentatori
lineari switch
*Linear switch
main supply*

LCD grafico /
Testo + tastiera
per controllo
processo
*Graphic/text LCD
+ keyboard for
process control*

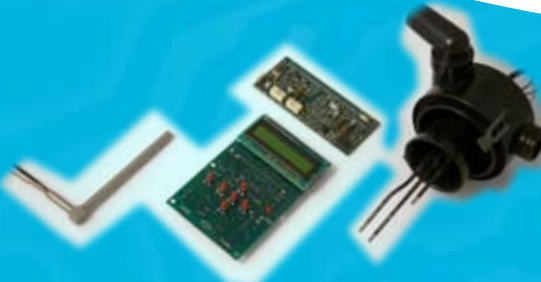

Bus espansione
per bus di campo
industriali (profi-
bus, anybus...)
*Expansion bus
for industrial field
buses (Profibus,
anybus...)*

Ethernet per
collegamento a
supervisione
*Ethernet for
control software
connection*

Uscite digitali protette
Protected digital outputs

I/O analogici 4-20 mA
Analogic I/O 4-20 mA

Bus CAN 2.0B
2.0B CAN bus

Sensore magnetico di flusso per liquidi
conduttivi (settore alimentare).

*Magnetic flowmeter for conductive
liquids (food industry) .*

Sensori di livello, temperatura, pressio-
ne per controllo processo.

*Level, temperature, pressure sensors for
process control.*

Sensore di pressione per rilevamento di
transitori estremamente veloci.

*Pression transducer for monitoring very
fast transients.*
